ÉLEVAGE: 28.7% NEW FRENCH OAK, 10 MO

WINEMAKER: SHALINI SEKHAR

THE WINEMAKING

Fruit is picked at first light to optimize acidity and flavor. After field-sorting, the fruit is whole cluster pressed, then the juice settled for 24 hours before racking to barrel. The wine is fermented in barrel. After 10 months of barrel aging sur lie, the wines are bottled, often without fining or filtration, to capture the delicate flavors and aromas unique to each block.

THE ÉLEVAGE

2018 Amphitheater Block was fermented and aged in barrel. The barrels came from the Fench cooperages Sirugue and Tonnellerie Remond. 1 of 3 barrels was new oak.

THE VINTAGE

The 2018 growing season was long and cool which allowed the grapes to develop more flavor and structure before harvest. This was the first year that Chardonnay was whole cluster pressed and Hidden saw 25% whole cluster fermentation, the first of our Pinots to do so.

THE VINEYARD

One of three legacy Chardonnay blocks at Spring Ridge Vineyard in north Santa Cruz Mountains Amphitheater Block is 2 acres, spanning elevation between 780 to 735 feet above sea level. Its name comes from its natural half-bowl shape. 2018 saw approximately 1.53 tons of grapes harvested from Amphitheater Block.

TRELLISING: QUADRILATERAL CORDONS

ABOUT AMPHITHEATER BLOCK

Amphitheater Block is one of three legacy Chardonnay blocks at Spring Ridge Vineyard. Amphitheater Block spans between 780 to 735 feet above sea level. This block is 2 acres in size. Planted in 1981, Amphitheater Block was the second block established at Spring Ridge Vineyards. The vines are Wente clone and own rooted.

Amphitheater Block consists of a soil blend of 43% sand, 28% silt, and 29% clay.

ABOUT SPRING RIDGE VINEYARD

Spring Ridge Vineyard sits on an east-facing ridge in the Santa Cruz Mountains. The ridge ascends from 500 to 1700 feet above sea level. The maritime climate of the San Francisco Bay offers cool, crisp mornings and warm, sunny afternoons creating perfect conditions for growing Chardonnay and Pinot Noir. The soil at Spring Ridge Vineyard consists of sedimentary rock, 1 to 3 million years old, at a shallow and mid level depth, perfect for the expression of our grapes. We strive to protect and nurture the entire ecological community of Spring Ridge Vineyard, and are dedicated to steward and replenish the land we inhabit.
