ABOUT SPRING RIDGE VINEYARD

Spring Ridge Vineyard sits on an east-facing ridge in the Santa Cruz Mountains. The ridge ascends from 500 to 1700 feet above sea level. The maritime climate of the San Francisco Bay offers cool, crisp mornings and warm, sunny afternoons creating perfect conditions for growing Chardonnay and Pinot Noir. The soil at Spring Ridge Vineyard consists of sedimentary rock, 1 to 3 million years old, at a shallow and mid level depth, perfect for the expression of our grapes. We strive to protect and nurture the entire ecological community of Spring Ridge Vineyard, and are dedicated to steward and replenish the land we inhabit.
